

SENECIO PLANT NAMED 'SUNSENEBABU'

5

ABSTRACT OF THE DISCLOSURE

10 Disclosed herein is a new variety of Senecio plant  
having a semi-dwarf, obconical shaped with abundant  
branching and small leaves. The flowers are single and  
small, the petals having a vivid violet color and the  
disk color is brilliant violet. The blooming time is  
early and flowering duration is longer than Senecio  
cruentus. 'Sunsenebabu' has low fertility.
